23 September 2016

Dear Parents and Guardians

This letter replaces our usual end of month newsletter. Term 3 has been a very successful term for most of our students who have worked hard this term in all curriculum areas but particularly on their Technology Innovations.

The Technology Innovations Expo was a great success, with many of you turning up to support your child – thanks for that and for voting! Prizes and certificates were given at school assembly this morning to the best innovators.

The photo below shows students setting up and checking out others' innovations.

While this has been a very settled term, we have had some issues with Facebook and cyber bullying. Parents are responsible for ensuring that their children are using digital technologies safely and for the correct purpose and students need to make sensible choices.

The school Cyber-Safety Agreement outlines the expectations we have at our school. Breach of these has serious consequences for students at our school. So please go through this once again with your child again to ensure safe practices.

Students should not be sharing images of themselves with others as these can be abused if they fall in the wrong hands. Children 13 and under should not have a Facebook account. Please help us to keep all children safe.

Have a great holiday break with your child and we will see you all next term, starting 10 October!

Yours sincerely

Pearl Murti
